REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Application serial no. 10/068,516 is being allowed since none of the prior art of record teaches or fairly suggests a method and system for authenticating security paper such as checks, postal stamps, lottery tickets, etc by placing an authenticating solution on the security paper, wherein the authenticating solution comprises an acid-base indicator in non-ionic form having an original pH, and applying to the security paper an activating solution to produce a characteristic color change of the indicator thereby authenticating the security paper, wherein the color change disappears or reverses when the activating solution dries. All of the prior art of record teaches of authenticating security paper by producing a permanent color change upon the paper, not one that disappears after an activating solution dries.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
